

## **Tired and Busy Life**

You turn your light out  
And even when you're in the dark  
You make a joke about  
A trail of old discarded hearts

And how I gave you all my time  
I gave you everything inside  
But you just say babe  
I live a tired and busy life

I live a tired and busy life  
I live a tired and busy life

I said I need you  
To commit some time to me  
I'm feeling quite blue  
Just like the deep blue of the sea

You are the wave upon my shore  
That comes and goes each day and night  
And you still say babe  
I live a tired and busy life

I live a tired and busy life  
I live a tired and busy life

Yeah yeah yeah  
Yeah yeah yeah  
Yeah yeah yeah right

Yeah yeah yeah  
Yeah yeah yeah  
Yeah yeah yeah right

Yeah yeah yeah  
Yeah yeah yeah  
Yeah yeah yeah right

Yeah yeah yeah  
Yeah yeah yeah  
Yeah yeah yeah right

You said I want a perfect man  
I want to meet the one for me  
The shining knight to hold my hand  
Just like an actor on the screen

He will be handsome and so rich  
That he will buy me what I like  
And I will still say babe  
I live a tired and busy life

I live a tired and busy life  
I live a tired and busy life

Yeah right
