

## **Fill Up Your Happy Heart**

Girl I miss you  
Every day I wake up now  
Girl I miss you  
But there's no need to feel down

Although I want you  
We both need some space to grow  
Although I want you  
Now it's time to take it slow

And we can be so happy in this life  
The world shines back when you shine out your light  
Give out the best of your life filled with love  
You are the change you want to see  
Fill up your happy heart

Girl I miss you  
Every time I go to sleep  
Girl I miss you  
When I see pictures of you I weep

But I look forward  
To the messages you'll send  
But I look forward  
This is just the start it's not the end

And I can see that we will be just fine  
The flowers will grow and still the sun will shine  
Wake up to know your heart is filled with love  
You are the change you want to see  
Fill up your happy heart

Live in the moment  
Then you can make a new start  
Live in the moment  
Build yourself a very happy heart

And do not worry  
Money will not break us up  
Do not worry  
We can fill our happy hearts with love
