

## Happy Hour

If you are free and single  
And hungry for a date  
I know a place to mingle  
That's always open late

A sign says happy hour  
Four bouncers hold the door  
Girls wait to give you flowers  
You couldn't ask for more

I think that you should get that number  
I think that you should get that girl

If you come out tonight mate  
Fancy a cheeky pint  
I know a dirty basement  
Where you might see a fight

Between two tragic heroes  
Defending with their hands  
The trespass of another  
Into a foreign land

I think that you should get out of here  
I think that you should get out soon

But you go back in  
And keep on dancing  
Your hand is grabbing  
Get off
