

Here's an Idea (Baby)

Here's an idea baby
Let's get hitched
Let's tie the knot
In other words get married
Without kids or proper jobs

I'll be your husband
If you'll be my wife
Make plans together
Carve out a life
I can't promise money
But I can promise love
And love is enough my love
Love is enough

So here's my proposal
And it won't cost a thing
I'll grow you a rose
I'll steal you a ring
I'll write you a novel
And I'll build you a plane
Then you can fly your story this way

The book will be turned
Into a play and then a film
With Hollywood stars
With million dollar deals
The film will be famous from Brazil to Japan
And the whole world will know
That you married your marrying man

Yeah
You did
U huh um
Yeah oo

Alright let's get some guitar on this man
Go

Who who who who who who who who who who
Who who who who who who who who who

That's good
And again please
One more time
