

## **Painted in June**

Summer of a life  
Summer all the time  
Summer of a life  
Summer all the time

Looks like nectar and gold  
From a brush in the sky  
Painted the doors  
In the colours of time

Took its ink full of family  
Empathy  
Honesty  
Trust

Painted in June on the side of a bus

Happy news

Looks like colour and time  
Painting numbers they know  
Dreamt today fifty plus years ago

When my father was my age  
And just as unsure as I am  
June all around and the summer begun  
Of his life  
All the time
