

## Walking Song

I'll walk you to the station  
I'll walk you to the park  
I'll walk you in the daytime  
Darling I'll walk you in the dark

I'll walk across the meadow  
I'll walk across the sky  
I'll walk a thousand miles  
Darling one step at a time

I'll walk you anywhere you want  
I'll walk you anywhere you choose to go go go

I'll walk you to the airport  
I'll walk you to the plane  
I'll walk you in the twilight  
Darling I'll walk you in the rain

I'll walk across the fire  
I'll walk across the lake  
I'll walk a million hours  
Darling however long it takes

I'll walk you anywhere you want  
I'll walk you anywhere you choose to go go go

Darling  
Darling I'll

Whether you're flying high or  
Whether you're underground or  
Whether you're making a million  
Whether you're stuck on the dole

Whether your heart is light or  
Whether your feet are cold or  
Whether you're on to a good thing  
Whether you're down in a hole

Whether you're up in the sky or  
Whether you're in The Underworld or  
Whether you've got a banker's bonus  
Whether you're out on parole

Whether you're an atheist or  
Whether you're a true believer  
Whether you're just trying to survive in this world  
I'll walk you  
I'll walk you there

Darling  
Darling  
Darling  
I'll
