

Tent Song

Trying to put a tent up
Trying in the wind
Trying to put a tent up

Trying to read instructions
Trying in the wind
Trying to read instructions

This morning in the wind
Insert pin in the wind

Dancing on a warm night
Dancing in a tent
Dancing on a warm night

Drinking too much cider
Drinking eight-percent
Drinking too much cider

This evening in a tent
It's eight-percent in a tent

With some good friends
Tonight on a warm night

Laughing when you're happy
Laughing with your friends
Laughing when you're happy

Looking at a clear sky
Lying on the grass
Looking at a clear sky

Tonight lying on the grass
We're seeing stars lying on the grass

Walking back to your tent
Walking through the dark
Walking back to your tent

Wandering to the wrong spot
Through the car park
Wandering to the wrong spot

Tomorrow We won't wanna' go home
I said baby na, na, na, na, na no
One, Two, Three, Rock
